Unconnected transport networks

Table of Contents

Foreword 7

Why so late? Questions concerning Intermodality of Transport Junctions
Hans-Liudger Dienel 11

1. Planning, Policy, and Engineering Perspectives on Intermodal Transport Junctions
Intermodality of Network Points: The Planers' View
Peter Keller 37

Intermodality in EU Transport Policy & Research
Michael Schmidt 49
Intermodal Junctions in EU Transport Technology Research
Igor V. Kabashkin 65

2. Intermodality at Ports: Historical Case Studies
Inner Ports and Railway Networks in France or „The History of a Divorce” (1830-1914)
Michele Merger 87

„Speed Freaks” and „Sloths”: Debates on New Transport Connections in Le Havre (1840s to Today)
John Barzman and Elisabeth James 101

Interconnectivity of Ports and Railways - A Comparison of Three Ports in Neighbouring Countries:
Trieste (Italy), Koper (Slovenia) and Rijeka (Croatia)
Mojca Tomšik 139
3. Intermodality at Airports: Historical Case Studies
   Airline's Intermodal Approach from the Jet Age up to Today:
   A Sensible Marriage?
   Laurent Bonnaud 161

   Airports and the Railways Since 1945: Amsterdam, Paris,
   Frankfurt, London
   Marc Dierikx 183
   An Engineer's Approach to Intermodal Connectivity in Europe:
   Airport-Railways
   Tom Rallis 199
